SPECIAL Member Update !

Gil B. Fried, Esq.

Gil B. Fried has found a New Home. While he has been doing a significant amount of expert and business law work over the past several years, his prior firm was focused exclusively on insurance defense, without the capabilities of handling some of the employment counseling and sport law matters he handles. That has now changed. He is now pleased to say that he has joined Sabia & Hartley, LLC as counsel to the firm.

Sabia & Hartley is a specialized business law firm handling complex business transactions and litigation in the finance and employment law arenas out of their Hartford, CT office that serves the entire Connecticut market and some matters in the tri-state area. They are a BV rated firm with an impressive list of clients including: municipalities, state commissions, financial institutions, insurers and businesses both large and small.

As counsel, he will continue to handle sport-related matters, but he will also be involved in other matters such as federal cases, sports and recreation matters, employment law disputes, and risk management auditing/training.

Gil has been a long time counsel to SODA and has been instrumental in many SODA National seminars, projects, and member legal matters. We wish him well with Sabia & Hartley, LLC.

Contact information for Gil is as follows at the firm:
